

Unisurge International Limited acquires Pennine's UK and Ireland
Procedure Pack Business

Unisurge International Limited is delighted to announce that on 5th October 2016 we acquired Pennine Healthcare's procedure pack business; we are working closely together to ensure a smooth transition with minimal disruption to all of our customer's delivery arrangements.

As the leading manufacturer of custom procedure packs in the United Kingdom, this acquisition will strengthen our position in the market place with our suppliers and enable us to work more closely with you, our customer, ensuring the best quality products are available at competitive prices.

I am confident this new acquisition will bring long term benefits to all of our customers and thank all our customers in advance, for your continued co-operation.

Kind regards

Terence Turner
Chief Operating Officer
Unisurge International Limited
